3. 25X1

On 13 July: 6 B and 26 F from Peitz to Jueterbog-Altes Lager 25X1 and 7 B, 1 G and 30 F from Peitz to Jueterbog--Altes Lager 25X1 25X1

4. 25X1

on 9 July: 5 B and 11 F from Luckenwalde to Altengrabow 25X1 and 12 B and 21 F from Dallgow to Crawinkel under 25X1 25X1

1. Comment. Trains were previously reported to have gone from Peitz to Jueterbog on 13 July, presumably with units of the 9th Mech Div. These trains were confirmed in paragraph 3. The third train from Peitz to Jueterbog followed on 15 July. It appears that those elements shipped to Jueterbog on 13 July returned to Peitz on 17 July. 25X1 25X1

2. Comment. When the train passed through Wustermark railroad station it carried elements of the 90th RL Regt of the Second Gds Mech Army stationed in Schoenwalde. 25X1

3. Comment. Another report mentioned three trains from Jueterbog to Lieberose on 9 July. 25X1

4. Comment. Of the trains from Jueterbog and Luckenwalde, only that is known from previous information. It is confirmed in paragraph 4. It is assumed that only 1 shipment each was dispatched from the stations of Jueterbog and Luckenwalde to Altengrabow, since it is believed that the various small shipments were assembled to one train at the loading station. In this connection, it must be stated that only the assembly of cars and not the departure of trains is reported. 25X1 25X1

5. [redacted] Comment. Observations at Dallgow-Doeberitz railroad station indicated that a unit of the 2d Light Arty Brig was loaded onto one train for shipment to Altengrabow on 10 July. In this case, too, cars for three shipments were assembled. However, the cars were coupled into one train prior to the departure. 25X1

6. [redacted] Comment. Transfer to Thuringia of SP guns of the 1st Mech Div. According to another report, however, the train dispatched in Doeberitz on 11 July was said to have run to Donndorf/Rhoen Mts. Donndorf railroad station at Lossa troop training grounds mentioned here appears more reasonable. [redacted] 25X1 25X1

7. [redacted] Comment. At 1100 on 9 July, 5 tanks and a vehicle of the 25th Gds Mech Regt of the 7th Gds Mech Div were loaded at Frankfurt/Oder railroad station. 25X1

8. [redacted] Comment. The train was reported previously. Observations in Brandenburg indicated that it carried a battery of the 124th Hv How Arty Brig of the 6th Arty Div. 25X1

9. [redacted] Comment. Probably the transfer to Wustrow firing range of an air force AAA unit. 25X1
